My website

This tab allows you to change the website's design in a few clicks.

When opening, the system shows you the current design of your website.

- Click on the arrow on the right or left to discover a new type of template.

You can visualise it in **PC version** or **Mobile Version** .

- To see your website's preview with the chosen template click on **Select & View your new website** .

- - If the template corresponds to your image, click on **Confirm the modification of your website** .

Don't forget to validate your modifications by clicking on **Update website** .
